

Damage Waiver Form

The container/equipment that you have rented from Advanced Mobile Storage Tucson, Inc. is covered by a blanket insurance policy. This policy covers loss, catastrophic damage, or theft. Advanced Mobile Storage Tucson, Inc. has sole authority in determining the validity of all claims.

Value of 20' storage container:

AMS 20' Storage Containers are valued at \$5000.00. This will be the value used when calculating losses due to damage and/or total loss due to theft of the container and/or loss due to abandonment and AMS's inability to recover the storage container from the customer's property.

What the Damage Waiver Covers:

- Loss of container due to theft. All losses due to theft must be reported to the police within 12 hours. A police report is required to process the claim of theft. The customer is required to pay their 50% deductible for the container value, which is \$2500.

The customer is responsible for paying their deductible for damage or total loss due to damage, which is 50% of the repair value or 50% of the container value, whichever is less. Damaged equipment may be subject to additional rental charges until repairs are completed.
